Commissioner for Patents

Office of Patent Publication

**Attention: Certificates of Correction Branch**

P.O. Box 1450

Alexandria, VA 22313-1450

Sir:

We respectfully request **EXPEDITED** issuance of a corrected patent under 37 CFR §1.322(b). The above 7,562,392 patent issued without the PTO printing more than forty (40) pages of specification! In particular, the Patent Office failed to print pages 12-52 of the substitute specification received by the US Patent Office on June 12, 2001.

**EXPEDITED issuance** of a corrected patent is warranted because of believed **current and ongoing** infringement of one or more of the issued claims.

Certificate of correction forms accompany the Request for the Patent Office's convenience. These forms, however, should not be construed as a request for a Certificate of Correction. Rather, they are provided as a guide to help the Director understand why a corrected patent is appropriate. The Patent Office is respectfully invited to contact the undersigned with any questions.
